

**The Team Enablers are a new way of consulting** – we focus on coaching client teams getting their projects right. We promise to our clients more professional, sustainable and more motivated work from their internal project teams – combined with the advantages of an external fresh pair of eyes.

We offer **Project support, Consulting Skills Trainings, Workshops and individual Coaching.**

Since TTE's foundation in 2015, we have been engaged by both startups and DAX-listed corporations, have trained and coached consultants from inhouse consulting firms. We have clients from around Europe, the US and Middle East.

We are now offering a position as:

## **Project Leader and Client Team Coach (m/f),**

*With a flexible base in Germany.*

### **Your key responsibilities:**

- Lead and drive client projects and work with our clients and TTE colleagues to deliver outstanding project results
- Develop and coach client team members on project management skills, leadership and performance excellence
- Develop great ideas for and with our clients
- Develop TTE's methodology, knowledge, expertise and digital products (e.g. surwayne.com)
- Develop our client accounts

### **Your profile:**

- Min. 2-3 years in top tier consulting (e.g. BCG, McKinsey, Bain), preferably with first experience in project leadership
- Interest in coaching
- Master or similar with excellent degree in business related subjects
- Excellent knowledge in MS Office, specifically PowerPoint and Excel, structured thinking
- Fluent in German and English
- Willingness to travel (but less than you do today 😊), good sense of humor

### **What we offer:**

- A unique opportunity to develop an integrative coaching consulting approach and be part of a growth story
- Fascinating and impactful project assignments
- Taking ownership and responsibility from day 1
- An opportunity to grow and learn
- A performance-related, attractive pay package
- Flexibility and ownership, freedom to drive own topics
- Hamburg and Berlin-based down-town offices, but option to join us remotely
